This accomplished mare sports an **intriguing pedigree**. Her **European influence is clear** through two generations, but she also **traces to a strong American dirt family**.

Elysea's World is by **Champs Elysees (GB)**, a product of the esteemed **Juddmonte breeding operation** and one of the better-bred stallions on the planet, being **by Danehill out of the great Hasili (Ire)**. He's thus a **half to Dansili (GB)**, among others. Champs Elysees (GB) has **sired this year's G1 1000 Guineas winner Billesdon Brook (GB)**, the **G1 Royal Ascot Gold Cup winner Trip To Paris (Ire)**, and the **G1 Australian Cup winner Harlem (GB)**, as well as the **dual group winner and Irish Oaks runner-up Jack Naylor (GB)**. The U.S. graded winner Suffused (GB) is another of his offspring.

Elysea's World is from a Singpiel (Ire) daughter of the Del Mar stakes winner and Grade II performer Live Your Dreams. She, in turn, is a $\frac{3}{4}$ -sister in blood to Housebuster, the **dual Champion Sprinter in America**.

This points to another intriguing aspect of Elysea's World pedigree: an enviable **mix of speed and stamina**. Her grandsire Danehill was a superb source of sprinter/milers, but Champs Elysees (GB) was a confirmed stayer. Her damsire Singpiel (Ire) won the G1 Dubai World Cup at 10 furlongs on dirt, but she hails from the family of a Hall of Fame sprinter. That Elysea's World has **won from 7 to 9 furlongs**, then, is no surprise, and this **flexibility** should suit her well when she's ultimately retired to the breeding shed.
