*Abuse of Power handily breaks her maiden.*

**Last Race:** 11/7/20 ALW-N1X at AQU

**Trainer:** Chad Brown

**Conditions Left:** Alw-N1X, Stakes

**Preferred Surface:** Turf

## ANALYSIS

Abuse of Power, a **\$460,000 2-year-old in training sale purchase**, is a lightly raced 3-year-old filly who has her **Alw-N1X condition remaining** and in running speed figures that indicate that she could be **competitive in stakes moving forward**. She has just **3 starts under her belt** and **hasn't finished worse than 2nd** in each of those starts. This summer she cruised to an easy maiden victory, **beating a MdSpWt field at Monmouth by 5 1/4 lengths (race replay)** and in her last race before the sale ran 2nd by just a neck against Alw-N1X company at Aqueduct sprinting on the turf. She was beat just a neck by Robin Sparkles who is currently 4-for-4 over the turf. She has **never regressed** in each of these efforts and **earned an 85 Beyer last out**.

Abuse of Power **hasn't missed a beat** since **debuting at Monmouth Park on August 1st** when finishing a fast closing 2nd over 5.5 furlongs on the turf. In her 2nd start, Abuse of Power sat right off the pace and **sprinted away at the top of the lane to win by 5 1/2 lengths before shipping up to New York to face deeper waters.** Her progression in Beyers is backed by her Thoro-Manager, Thoro-Graph and Ragozin sheets as she has **never taken a step back on any sheet figures.**

PEDIGREE

Abuse of Power is already the **half-sister to a stakes winner** in Street Storm and has a **half-sister by Constitution in the pipeline** who sold for \$180,000 at KEESEP20. Her **\$460,000 OBSAPR19 purchase price** makes her the **highest priced daughter of Karakontie to be sold at public auction**. Her 2nd dam, Blushing Ogygian, is the **dam of G1W and sire Street Boss** as well as Habiboo, the dam of **G3W Life Imitates Art** and **G3W/G2P Bellera who sold for \$850,000 to Stonestreet** at the Fasig-Tipton November sale this year.

RACE SCHEDULE

Abuse of Power still has her **ALW-N1X condition** with the potential to step up to stakes company. She has **only ever been tested around 1-turn** this year, but her pedigree suggests that she **should be able to stretch her speed out to a mile**. Possible future races include:
