

4yo g. by TAPIT

Growth Engine breaks his maiden at Gulfstream Park.

Last Race: 9/19/20 ALW-N3X @ MTH

Trainer: Chad Brown

Conditions Left: Alw-N3X, Stakes

Preferred Surface: Dirt

ANALYSIS

Growth Engine is still very **lightly raced for a 4-year-old** and has shown exceptional talent in all 7 of his lifetime starts. **He has never missed the board** has recorded 3 wins to his name. He was a talented 3-year-old and has **returned as a 4-year-old to show all of the signs of improvement that you would expect from a horse with another year of maturity under his belt**, notably upping his game on his Thoro-Graph sheet where he's **earned a (0²) in 2 of his 3 starts this year (race replay)**. This is a very strong Thoro-Graph number for a horse who is routing on the dirt and shows that is more than **capable of competing at the stakes/graded stakes level moving forward**.

Growth Engine debuted in January of his 3-year-old season, ultimately **finishing 2nd to future G1 Woodward winner Global Campaign**. He came back to **break his maiden in his very next start** while **beating two eventual Stakes winners in the process**. He has come back with a vengeance this year, taking his COVID-pandemic delayed **4-year-old debut by a widening 4-3/4 lengths**. After running 3rd behind another stakes winner in Saratoga, Growth Engine came back to **win an ALW-N2X at MTH despite having to go 4-wide around the turn** while earning a 90 beyer.

THORO-GRAPH

After running 3 consecutive (5)s on the Thoro-Graph sheets, Growth Engine has **taken his game to another level, posting a (0²) in 2 of his 3 starts this year**. His sheet has an exceedingly **similar pattern to that of MG3W/G1P Owendale, who won a stake at Churchill and ran 2nd in the G2 Alysheba while earning a (0²) in each of those starts**.

With the sort of improvement that Growth Engine has shown, he **appears capable of moving into stakes/graded stakes company in the near future**.
