Mo Hawk breaks his maiden at Los Alamitos.

Last Race: 9/23/20 AOC-N2X at IND
Trainer: Rodolphe Brisset
Conditions Left: Alw-N2X, Stakes
Preferred Surface: Turf

ANALYSIS

Despite **breaking his maiden sprinting on the dirt** at Los Alamitos, Mo Hawk has proved that **he runs his best race going 2-turns on the turf**. In his first start over the lawn, he **took the field wire-to-wire before spurting away to a 1-1/2 length victory** over allowance level company at Indiana. He backed this effort up with another strong performance back around 2-turns on firm turf where he **earned his career-best speed figures across the board**, ultimately finishing second having been caught on the wire by a neck. He is **back on the work tab** since his last start and looks to be a handy allowance/overnight stake horse to add to anyone's stable.

After his **dominant Alw-N1X win in his first start on the grass**, Mo Hawk was sent back to the dirt in the G3 Peter Pan. In this Graded Stakes debut, he **proved that 2-turns on the dirt is not his game** when he set the pace but ultimately faded once into the far turn. He was **unlucky to catch a yielding turf course** next out and never handed the ground from the start. **His two best races to date were run over firm turf courses** and it can be expected that Mo Hawk will continue to turn in solid efforts over this preferred C & D.

THORO-GRAPH

Mo Hawk's **two best Thoro-Graph figures were best run over a firm turf course** further highlighting that he does not appreciate: A) 2-turns on dirt and B) a yielding turf course. He earned a **career-best (7) Thoro-Graph last out** which is a very **strong figure in comparison to other stakes quality horses in his age group**. For example, Fancy Liquor earned a (9¹) Thoro-Graph before progressing to a (6) Thoro-Graph when winning the **G2 American Turf** on Derby Day. With a slight progression forward, Mo Hawk figures to be competitive at the stakes level next season.
