Risk Model at OBS before selling for \$390,000.

Last Race: 12/19/20 MdSpWt at AQU

Trainer: Chad Brown

Conditions Left: Alw-N1X

Preferred Surface: Dirt

ANALYSIS

RISK MODEL, a \$390,000 2-year-old in training purchase, could not have been more impressive in breaking her maiden at Aqueduct on December 19th, running the field into the ground before drawing off to win by 11 1/2 lengths. This race marked the first time that RISK MODEL got to **sprint over a fast, main track**, with her previous main track efforts run over wet surfaces. Going forward, RISK MODEL appears poised to take the next step in her career and **should be tough in any first level allowance she may find herself in next time out.**

RISK MODEL has **improved throughout her career**. She showed talent over a mile on her debut, a distance that she has proven is beyond her reach, **finishing 3rd behind eventual G1 Acorn 2nd place finisher PLEASANT ORB**. After another try over a mile, a race on the turf, going two turns at Monmouth and then encountering slop for the first time at Belmont, RISK MODEL **got her chance to sprint over a dry track for the first time last out**. Taking advantage of the fast track, RISK MODEL broke on top and headed straight to the front, asserting her speed around the far turn and into the stretch. She streaked clear of her competition to **win going away by 11 ½ lengths (click to view race replay) while earning a 75 Beyer**.

PEDIGREE

By the **legendary sire INTO MISCHIEF** out of the PROUD CITIZEN mare BOLEYN, RISK MODEL was a \$390,000 two-year-old in training purchase. RISK MODEL is a ¾ **sister to the stakes winning HI HOLIDAY who was recently sold for \$100,000 at Keeneland November**. RISK MODEL's now three-year-old **half-brother, DR. B, just debuted against MdSpWt company at Parx** where he was a very good 3rd after making up several lengths throughout the race.

PEDIGREE

BOLEYN herself was **2nd in the G2 Demoiselle** at two while RISK MODEL's **3rd dam MAGNIFICENT LINDY won the G1 Vanity**. In addition to what's already on the racetrack, Boleyn has a newly turned **two-year-old by the multiple G1W PRACTICAL JOKE** and is **in-foal to leading sire UNCLE MO**.

Risk Model's sire **INTO MISCHIEF is on a meteoric rise**. He was the **#1 leading general sire in 2019** and continued his reign on the sire standings in 2020, **setting a single season record for Progeny Earnings**, with his offspring earning \$22,188,256. Last year alone, INTO MISCHIEF sired **29 Black Type winners, 12 Graded Stakes winners and 3 individual Grade 1 winners**, including Kentucky Derby and Breeders' Cup Classic winner AUTHENTIC. INTO MISCHIEF will **stand for \$225,000 in 2021**.

RACE SCHEDULE

As previously stated, Risk Model is a top candidate to head to post as the favorite in any ALW-N1X she may head towards next. Future races based on what condition books are available:

Date	Track	Race	Purse	Age	Dist/Surf
Jan-22	FG	Alw-N1X	\$51,000	f/m, 4yo+	6f, D

SUMMARY

By one of the **greatest sires in recent memory** out of a **live female family**, not only does RISK MODEL represent an outstanding opportunity to not only win some more races on the track, but also an opportunity to obtain a top-notch broodmare prospect. With the promising debut of her three-year-old half-brother as well as **foals by UNCLE MO and PRACTICAL JOKE in the pipeline**, RISK MODEL's pedigree looks to have **plenty of blue sky ahead** of it all in addition to the fact that she is an **outstanding individual herself** as a one-time \$390,000 two-year-old in training purchase.
