THE GINGER QUEEN training at Fair Hill.

ANALYSIS

3-year-old turf filly THE GINGER QUEEN (IRE) ran the **best race of her career last out** at Delaware Park on JUN-14 over 11f where she **finally got a clean trip** after two troubled prior efforts. In her first start, she began to make a steady move around the far turn however ultimately lost too much ground in her 5-wide sustained bid. In her 2nd start, she was **unlucky to draw post position 12-of-12** in a hot MdSpWt on the Derby Day undercard at Churchill Downs.

Despite taking a step down in class, the form of her latest race stands up well as the **winner went on to finish a close 4th in the Christiana Stakes** at Delaware Park over 4th of July weekend.

1 In her **debut at Keeneland** this spring, THE GINGER QUEEN rallied well around the far turn, however was **forced 5-wide** which caused her to lose significant ground. She was **unable to sustain her rally in the stretch due to the ground loss (53 ft ~ 7 lengths)**, however still finished well enough to be just 3 1/2-lengths out of it. **(Click to watch replay or scan QR code).**

2 Drawing **post 12-of-12** in a full MdSpWt field on the Derby Day undercard, THE GINGER QUEEN was also jostled at the start when the horse to her inside bumped with her, losing all chances at the start. Last out on JUL-14, she was **finally able to secure a clear trip** going a route of ground and turned in an improved effort to finish 2nd behind Augustin Stables BE UP, who advanced to Stakes company next out. **(Click to watch replay or scan QR code).**
