After **two second place performances overseas** and a troubled fourth in her U.S. debut as a 2-year-old, DUVET DAY **closed strong to finish second in her first start at 3-years-old**. She was only beaten a neck after a troubled start and a wide trip going a mile on the turf at Santa Anita.

While DUVET DAY has been **consistent at the MdSpWt level**, future connections could **look to give her a bit of a class relief to get her to the winners' circle**. As spring and summer meets open up around the country, there are a plethora of options for 3-year-old turf fillies. Based on what condition books are currently available, possible next starts for DUVET DAY could include:
