RAGOZIN & THORO-GRAPH

PERFECT FLIGHT earned a **(7) Thoro-Graph** and **12^{3/4} Ragozin** for his maiden win. These speed figures show that PERFECT FLIGHT **should be extremely competitive in the N1X in his first start against winners.**

KUCHAR Thoro-Graph

For comparison, a majority of the field heading into the American Derby at Churchill on July 2nd were running **(9) Thoro-Graphs**. KUCCHAR, who finished 2nd behind G1W RATTLE N ROLL, **paired (9) Thoro-Graphs** heading into the race.

LOOKING AHEAD

Last summer at Ellis Park, **two 3-year-olds and upward allowance races going 8f on the dirt were won with Beyers of 76 and 80.** These Beyers along with his Ragozin and Thoro-Graph figures put PERFECT FLIGHT **firmly in contention to be competitive in allowance events** on the Kentucky circuit and elsewhere.
