D HOPPER finished first but was DQ'd in his debut

ANALYSIS

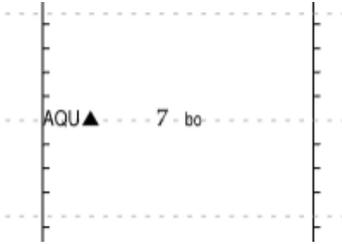

D HOPPER crossed the wire first in his debut at Aqueduct in March, but was subsequently disqualified for interference (**watch replay here**). In that race, he earned a 15 Ragozin figure and a **7 Thoro-Graph**. In this race, he set the pace, with the other pacesetter fading to finish 4th, 8 lengths behind D HOPPER.

After attending another quick pace in his second race at Aqueduct, he would finish 4th behind a winner who was nearly 8 lengths off the early pace and a 3rd place finisher that was 9 lengths off the pace. **Being by a Florida-bred by Kantharos, D HOPPER has several options moving forward**, including state-bred maiden races, as well as a move to the turf and the all-weather, both of which offspring of Kantharos have been successful over.

THORO-GRAPH

The 7 Thoro-Graph figure that D HOPPER earned in his debut would see him win most maiden special weight races around the country.

LOOKING AHEAD

D HOPPER has several options moving forward on dirt, turf and all-weather. The Gulfstream race on May 28th is a Maiden Optional Claiming event, that is a maiden special weight race for Florida-breds.
