➤ KING VEGA arrives to the sale off a great effort in the G3 Baltimore Washington at Pimlico. He was ultimately 2nd that day and ran back to his career-best 93 Beyer and 3 Thoro-Graph.

➤ He should be suited to turf route Stakes over the firm ground going anywhere from 1-mile to 1-1/4 miles which makes he an interesting horse to campaign in Florida, Louisiana, California, and maybe Turfway over the winter.

➤ He is a horse that has always shown talent, beginning in his debut when he was 2nd, beaten just 3/4 of a length by 2021 Breeders' Cup Turf winner Yibir.

KING VEGA **has been consistent in his Ragozin figures since arriving in the US**, earning a career-best **8- Ragozin** this year. He also earned his career-best **3 1/2 Thoro-Graph** figure last out. His **ability over several different distances** opens him up for many options moving forward and his **Ragozin and Thoro-Graph figures say he will be competitive against Graded Stakes competition.**

As you can see on KING VEGA's Ragozin sheet from this year, **all of his figures compare favorably to the winners of 11 turf route Graded Stakes** figures from this year, seen below.

### LOOKING AHEAD

KING VEGA is a very consistent turf router who ran his career-best speed figures this year. One could likely look to send him back to the Stakes/Graded Stakes level this winter.
