ANALYSIS

In her 5 starts in the U.S., **PARTY ON GIRL** has turned in 3 on the board finishes against allowance company including a 2nd place finish last out on April 20th at Gulfstream. She has **always shown tremendous talent in her morning workouts**, but unfortunately has been unlucky to encounter troubled trips in the afternoons.

Despite being a 2-time winner in England, **PARTY ON GIRL** is still **N1X eligible** and that leaves a world of opportunities open for her heading into the spring and summer meets.

SPEED FIGURES

In her 3 starts as a 5-year-old, PARTY ON GIRL has **improved her speed figures on both Ragozin and Thoro-Graph**. Most recently, she **paired her lifetime best 12 Ragozin** taking a step forward from her first two starts of the year.

Considering her **solid runner-up effort last as evidenced by her speed figs**, future connections could likely look to **run PARTY ON GIRL back against allowance company next out**. Additionally, her best effort in the U.S. was over 7-furlongs so maybe a **cutback in distance could suit this filly** in the future.
