ANALYSIS

LADY HIPSTER was just nosed out of the win in her last start. It was her first start on the dirt and her form improved tremendously from the switch off of synthetic. She has **worked back since this 2nd place effort** and has been in training since shipping to KY from the Fair Grounds.

She has all conditions remaining and her new connections can look to anywhere in the country for her next start. >>>

<<< THORO-GRAPH

LADY HIPSTER moved up tremendously when switching from the synthetic at Turfway Park to dirt at the Fair Grounds
