RAGOZIN

THORO-GRAPH

CLIFF NOTES

- He has been scratched from two consecutive MCL \$20k's and was a vet scratch before his debut on 8/15.
- He had to endure a rough trip in his debut. Chart reads: "in tight, lost action, and steadied hard" around the 5/16 pole, so he, is probably eligible to improve around two turns.
- Worked a **BULLET 4f from the gate** at the Thoroughbred Training Center on 11/5/25 and is **ready to run**.
