- He won a 2X last out while in for the \$50,000 tag, but was not taken. He's back on the worktab since his last start and most recently worked at Keeneland on 10/12.
- He comes into the sale off a career best 4 Thoro-Graph, which he has now run twice this year.
- Earned an 8 Ragozin in his last race as well, so it's possible that he is rounding back into form as he heads into the winter months.
- He is trending the right way and his sheet numbers are strong coming into the sale. He may deserve another shot at the 3X condition.
