- **New York-bred** with all conditions remaining.
- Did not respond to blinkers last time out; **remove those and drop in for a tag.**
- Came out of his last race jarred up and was **given a break at the end of August.** He has **been in light training down in Ocala at Sequel** (training videos available).
- Ready to start back breezing and has **all conditions remaining ahead of the winter meet at Aqueduct.**

LOOKING AHEAD/RACE SCHEDULE

- KEEPINITREAL has been galloping in Ocala but has not been on the worktab and so there are no likely future spots at this time based on what condition books are available at present. Once he is back fit and breezing, buyers could look to run him back against fellow New York-breds for a tag.
